SUMMARY

I'm an MCA student in my 3rd semester with a First Class BCA degree. I have practical experience in Specially backend and frontend development through internships, where I built HRMS and CMS systems and developed 35+ APIs for real clients. I'm good at problem-solving and clear communication, and I'm focused on growing my skills while preparing for future opportunities in the tech industry.

EDUCATION

- **Master of Computer Applications (MCA)** – Ongoing, 3rd Semester G H Patel P G Department of Computer Science and Technology Expected Graduation: 2027
- **Bachelor of Computer Applications (BCA)** – First Class Distinction Shree Swaminarayan College of Computer Science, Affiliated to Maharaja Krishnakumarsinhji Bhavnagar University (MKBU) Completed: 2025

TECHNICAL SKILLS

Languages:

C, C++, HTML, CSS, Javascript,
C#.Net, Asp.Net, Java, Python,
PHP

Databases:

MySql
Oracal Sql

Frameworks & Libraries:

Laravel, Django, Tailwind CSS, Bootstrap

PROJECTS

Electronic E-Commerce Website: Built with HTML, CSS, JavaScript, PHP, and MySQL, featuring full user shopping flow and robust admin controls for product, order, and delivery management for Laptops.

Task Management Web App: Built with Laravel and MySQL, featuring task assignment, deadline tracking, real-time notifications, and user collaboration for enhanced productivity.

Human Resource Management System: Developed for Ziaat Technolab using PHP and MySQL, with advanced filtering and full lifecycle tracking of applications, interviews, and follow-ups.

Client Management System: Engineered for Ziaat Technolab using PHP and MySQL, with advanced filtering, CSV export, email integration, and detailed tracking of services, timelines, and project status.

EXPERIENCE

Full-Stack Development Internship, at Ziaat Technolab Pvt. Ltd.

Apr 2025 – Aug 2025

- Built more than 38 RESTful APIs using Core PHP for a ziaat's client project—Talimul Islam Madrasa Management app and admin panel. These APIs handled key features like login, attendance, fees, and user management.
- Focusing on essential features such as OTP-based authentication, attendance tracking, fee management, parent communication, fee reports, notices, and attendance analytics.
- Designed secure MySQL schemas and effectively integrated the backend with both Android and web frontends.
- Developed internal systems for Ziaat, including HR management and client management modules. Key features included advanced filtering capabilities, CSV export functionality, and comprehensive lifecycle tracking for both candidates and clients.

CERTIFICATIONS

- Competitive Programming Competitions: C Language, Python (4th Rank)
- IT & Cyber Security: Awareness Workshop, CyberTech Challenge (3rd Rank)
- Other Activities: CCC, IT Quiz, Social Media Influencer (PMKK)

ACHIEVEMENTS

In BCA i Consistently scored 90+ in practical exams (Semesters 1–4), 89 in Semester 5, and 79 in Semester 6.

In MCA i Achieved 98 in Python and 82 in DBMS marks in Semester 1 practicals exam.
